Now is the moment

Now is the moment

Finestrat, located in the heart of the Costa Blanca, has unparalleled tourist potential. The combination of sea and mountains, on the one hand, and leisure and tranquillity on the other, make this town a special place to live.

The unique mountain of Puig Campana, plus ten kilometres of green areas, mixed with the paradisiacal beaches that are just a few minutes from the town, conquer anyone who visits them.

And also, it has the wonderful city of Benidorm just 8 minutes away. A town that has all the necessary services: restaurants, entertainment, shopping centres, hospitals, markets, and a mixture of cultures like few other Spanish cities.

In addition, it is very important to highlight the two nearby golf courses: El Puig Campana Golf and Benidorm Golf, with spectacular views and without forgetting the Elia international bilingual school.

Finestrat  
Costa Blanca

The masterpiece! The most spectacular of the four residential buildings that have been built so far. First, because of its location and its incredible views of the sea and the mountains, and second, because of its architecture.

A complex made up of 11 unique and different houses. You will not know why but when you enter you will notice that it is your house, that you want to live there, that you need it, to be your home and that of your whole family.

All the houses have 3 bedrooms and 4 bathrooms, a living room and a kitchen that you will not want to leave, several gardens and terraces that you can enjoy all year round. And the best, the pool that surrounds the entire house and that makes it unique.

But, do not settle for anything, dare to personalize your home as much as you want and need, make it yours, make it unique and personal.
